The services carried out by the association on behalf of members consist of the following:

- Lobbying government departments and relevant bodies in the areas of education, health, therapies etc.
- Providing telephone and email support.
- Distributing information packs and booklets.
- Circulating a quarterly newsletter covering latest events, news and information.
- Working and liaising with other related organisations, particularly those dealing with spectrum disorders.
- Organising conferences with professional speakers.
- Giving presentations to schools and colleges.
- Recommending best practice.
- Liaising with our regional support groups throughout the country.

The membership subscription is as detailed overleaf. If you feel able to give a little more it would be much appreciated.
